(a) GRANTEE agrees and acknowledges that GRANTOR is selling the PROPERTY strictly on an "as is, where is", with all faults basis, without warranty, express or implied, with any and all latent and patent defects. GRANTEE acknowledges that GRANTOR has made the PROPERTY available for inspection by GRANTEE and GRANTEE's representatives. GRANTEE has inspected, or will have inspected prior to closing, the physical condition of the PROPERTY to the extent felt necessary by GRANTEE, including all improvements thereon, and accepts title to the same "as is" in its existing physical condition. GRANTEE acknowledges that it is not relying upon any representation, warranty statement or other assertion of the United States of America, as GRANTOR, including its agencies or any official, agent representative or employee of the foregoing, with respect to the PROPERTY's conditions except as set forth in the contract, GRANTEE is relying solely and wholly on GRANTEE's own examination of the PROPERTY, is fully satisfied with the PROPERTY, and accepts any liabilities

or costs arising in connection with the condition of the PROPERTY, including, but not limited to any costs or liabilities pertaining to any environmental condition on the PROPERTY. Except as set forth in Section C, below, the United States of America and its agencies disclaim any and all express or implied warranties and specifically make no warranties of title, habitability, merchantability, suitability, fitness for any purpose, or any other warranty whatsoever. GRANTEE is put on notice that any prior grant and/or encumbrance may be of record and GRANTEE is advised to examine all public records available regarding the PROPERTY.

(b) No employee or agent of Grantor is authorized to make any representation or warranty as to the quality or condition of the Property, merchantability, suitability or fitness of the Property for any use whatsoever, known or unknown to Grantor, or compliance with any environmental protection, pollution or land use laws, rules, regulations, orders, or requirements including, but not limited to, those pertaining to the handling, generating, treating, storing, or disposing of any hazardous waste or substance. 5. NOTICE OF THE PRESENCE OF ASBESTOS

(a) The Grantee is advised that the Property may contain asbestos-containing materials. Unprotected or unregulated exposures to asbestos in product manufacturing, shipyard, and building construction workplaces have been associated with asbestos-related diseases. Both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA) regulate asbestos because of the potential hazards associated with exposure to airborne asbestos fibers. Both OSHA and EPA have determined that such exposure increases the risk of asbestos-related diseases, which include certain cancers, and which can result in disability or death.

(b) Grantee is invited, urged, and cautioned to inspect the Property as to its asbestos content and condition and any hazardous or environmental conditions relating thereto prior to conveyance. The Grantor will assist Grantee in obtaining any authorization(s) which may be required in order to carry out any such inspection(s). Grantee shall be deemed to have relied solely on their own judgment in assessing the overall condition of all or any portion of the Property including, without limitation, any asbestos hazards, or concerns.

(c) No warranties either express or implied are given with regard to the condition of the Property including, without limitation, whether the Property does or does not contain asbestos or is or is not safe for a particular purpose. The failure of any bidder (offeror) to inspect, or to be fully informed as to the condition of all or any portion of the property offered, will not constitute grounds for any claim or demand for adjustment or withdrawal of a bid or offer after its opening or tender.

(d) The description of the Property set forth in this conveyance document and any other information provided therein with respect to said Property is based on the best information available to the disposal agency and is believed to be correct, but an error or omission, including but not limited to the omission of any information available to the agency having custody over the Property or any other Federal agency, shall not constitute grounds or reason for nonperformance of the contract of sale, or any claim by the Purchaser against the Government including, without limitation, any claim for allowance, refund, or deduction from the purchase price.

(e) The Grantor assumes no liability for damages for personal injury, illness, disability or death, to the Grantee, or to the Grantee's successors, assigns, employees, invitees, licensees, or any other person subject to Grantee's control or direction, or to any other person, including members of the

general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with asbestos on the Property which is the subject of this conveyance, whether the Grantee, its successors or assigns has or have properly warned or failed properly to warn the individual(s) injured.

(f) The Grantee further agrees that in its use and occupancy of the Property it will comply with all Federal, state, and local laws relating to asbestos.

6. NOTICE OF THE PRESENCE OF LEAD-BASED PAINT FOR NONRESIDENTIAL REAL PROPERTY CONSTRUCTED PRIOR TO 1978.

GRANTEE is put on notice that the PROPERTY has buildings built prior to 1978 and is thereby notified that such property may present exposure to lead from lead-based paint. Moreover, GRANTEE covenants and agrees, for itself and its assigns, that in its use and occupancy of the PROPERTY it will comply with all applicable Federal, State and local laws relating to lead-based paint; and that GRANTOR assumes no liability for damages for personal injury, illness, disability or death to the GRANTEE, its successors or assigns, or any other person, including members of the general public, arising from or incident to the purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with lead-based paint on the PROPERTY described in the Quitclaim Deed, whether GRANTEE, its successors or assigns has properly warned or failed to properly warn the individual(s) injured. GRANTEE further agrees to indemnify, defend and hold harmless the GRANTOR from any and all loss, judgment, claims, demands, expenses or damages, of whatever nature which might arise or be made against the United States of America, due to, or relating to the presence of lead-based paint hazards on the PROPERTY; GRANTEE covenants and agrees that it will comply with all Federal, State, local, and any other applicable law(s) regarding the lead-based paint hazards with respect to the PROPERTY

7. NOTICE OF THE PRESENCE OF PESTICIDES.

GRANTEE is notified that the PROPERTY may contain the presence of pesticides that have been applied in the management of the PROPERTY. The United States knows of no use of any registered pesticide in a manner inconsistent with its labeling, and believes that all applications were made in accordance with the Federal Insecticide, Fungicide and Rodenticide Act ("FIFRA") at 7 U.S.C. Sec. 136, et seq., its implementing regulations, and according to the labeling provided with such substances. Furthermore, that in accordance with the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA") at 42 U.S.C. Sec. 9601, et seq., the use of such substances is not a "release" (as defined in CERCLA at 42 U.S.C. Sec. 9601 (22)), but instead the use of a consumer product in consumer use (42 U.S.C. Sec. 9601(9)), and the application of a pesticide product registered under FIFRA for which recovery for response costs is not allowed (42 U.S.C. Sec. 9607(i)).

8. THIS CONVEYANCE IS EXPRESSLY MADE SUBJECT TO all covenants, reservations, easements, restrictions, conditions, encumbrances, clauses, and rights of way, recorded or unrecorded, including but not limited to power lines, telephone lines and equipment, pipelines, drainage, sewer and water mains and lines, public utilities, and other rights-of-way, including but not limited to specific easements, reservations, rights, covenants, conditions, and clauses described herein, and to any facts which a physical inspection or accurate survey of the PROPERTY might disclose.

9. COVENANTS RUN WITH THE LAND. The covenants, conditions and restrictions contained herein shall run with the land and shall bind and inure to the benefit of GRANTOR and GRANTEE and their respective successors and assigns.
